Income 85% State Median Income: Upper threshold for eligibility

- Please answer the following questions:
- (1) If there is a sibling discount what is the percentage? Second and all additional children pay a reduced fee. Parents pay 75% of the co-payment rate for siblings.
 - (2) If any family pays more than 10% of their gross income for child care, please complete and attach the justification form that explains how the fees will not limit parent access to services. The Sliding Fee Schedule is above 10% for some of the higher annual gross incomes especially for a one person household. There are minimal clients in a One Person Household with this amount of annual gross income. When this is encountered, the rates are reduced to be within 10% of annual gross income (Family Resource Advisors re-calculate using the 10% Cap Fee formula).
 - (3) Describe at what points during the year school age schedules are adjusted. For example, beginning of summer, end of summer, spring break, etc. Every month according to the school age calendar for the respective county.
