VPK FAST

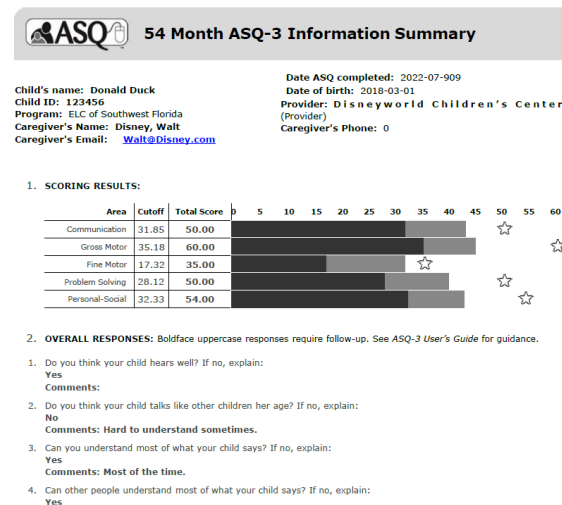

- VPK FAST Assessment can start when your VPK program starts – after VPK Contract and VPK APP have been signed and certified!
- The testing window for PM1 is the first 30 instructional days of VPK.
- All enrolled VPK children must be assessed, or attempted, during this time.
- If a child enters after the first Progress Monitoring time period, they still need to be assessed for PM1, their scores just will not be part of your data.
